## **Data sheet**

ID AM-MF AG

Description straight gland

Properties compatible with conduits GAAR and GARIX, with

metric connection thread according to EN 60423,

in accordance with EN ISO 9227

Norms: EN 61386

| Art. no. | Nominal<br>diameter | Thread connection size | Lowest inner diameter hose | Small<br>Package | Large<br>Package |
|----------|---------------------|------------------------|----------------------------|------------------|------------------|
| 104 153  | 16 mm               | M16 x 1.5              | 10 mm                      | 50 pc            | -                |
| 104 154  | 16 mm               | M16 x 1.5              | 12 mm                      | 50 pc            | -                |
| 104 155  | 20 mm               | M20 x 1.5              | 15,5 mm                    | 50 pc            | -                |
| 104 156  | 25 mm               | M25 x 1.5              | 20,5 mm                    | 25 pc            | -                |
| 104 157  | 32 mm               | M32 x 1.5              | 26,5 mm                    | 10 pc            | -                |
| 104 158  | 40 mm               | M40 x 1.5              | 34,5 mm                    | 5 pc             | -                |
| 104 159  | 50 mm               | M50 x 1.5              | 39,5 mm                    | 5 pc             | -                |
| 104 160  | 63 mm               | M63 x 1.5              | 50,5 mm                    | 4 pc             | -                |

## **Further technical details**

| Details  |                     |  |  |  |
|--|---------------------|--|--|--|
| Model  | Straight            |  |  |  |
| Revolving thread                                   | False               |  |  |  |
| Construction type                                  | External thread     |  |  |  |
| Connection type screw connection Thread to housing |                     |  |  |  |
| Thread type  | Metric              |  |  |  |
| Material   | Messing, vernickelt |  |  |  |
